SOURCE EVALUATIONS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

2. The Ministry of Automobile Transport was divided into Administrations (tresty) spread throughout Uzbekistan. The administrations were all numbered [redacted] but [redacted] were often referred to by names describing the nature of their business or the regions in which they were located. Five of the Administrations were located in Tashkent:

50X1-HUM

- a. Administration in charge of taxicabs.
- b. Administration in charge of construction equipment (graders, excavators, etc.)
- c. Administration in charge of trucks loaned out to the public for personal use (for moving furniture, transporting coal, etc.)
- d. Administration in charge of city transportation (streetcars, trolleys, buses).
- e. Administration in charge of the maintenance of all rolling stock.

Of the Administrations outside Tashkent, [redacted] a Bergana Administration.

50X1-HUM

3. The offices of the Ministry of Automobile Transport were housed in a 50-meter by thirty-meter four-story building at Ulitsa ushkina No. 46 in Tashkent. [redacted] about 250 people were employed here. The organizational structure of the Ministry itself was as follows:

50X1-HUM

- 2 -

- a. Chief Minister - head of the entire Ministry.
- b. Second Minister - in charge of a number of Administrations outside Tashkent.
- c. Third Minister - also in charge of a number of Administrations outside Tashkent.
- d. Deputy Ministers (3) - the chief minister, and the second and third ministers each had a deputy.
- e. Personnel Section
- f. Accounting Office
- g. Special Section (spetsotdel)
- h. Printing Shop - located in a small house in the courtyard of the Ministry. It published a bulletin for the internal use of the Ministry and also printed administrative forms. It had a staff of three people: chief editor, editor, and a woman assistant.

50X1-HUM

4. [redacted] in general the Administrations were guilty of over-expenditures. In 1958 [redacted] the Administration in charge of the trolley buses had an overexpenditure of several million rubles. As a result, a great scandal ensued and a number of people were relieved of their duties, among whom were the chief of the Administration, its chief engineer and its chief accountant. The Fergana Administration was also guilty of overexpenditures but the amount and consequences were unknown [redacted]

50X1-HUM

5. In March 1959 the Chief Minister was called to Moscow because the Ministry did not fulfill the plan (details unknown).
6. In 1958 the Ministry held a meeting of all the chiefs of the Administrations at the Navoi Theatre in Tashkent. Representing the various Administrations were their chiefs, deputies, and chief engineers (one for each Administration).

[redacted] estimated the attendance to be roughly 200, [redacted]

50X1-HUM

7. Sketches No. 1, 2, 3 and 4 are [redacted] sketches of the layout of the Ministry of Automobile Transport. Following is the legend to the numbers appearing on the sketches for each floor:

a. First Floor (street floor)

- (1) Main Entrance.
- (2) Stairway.
- (3) Men's Toilet.
- (4) Women's Toilet.

C-O-N-F-I-D-E-N-T-I-A-L *all*

- 4 -

- (10) Office with two women acting as assistants or secretaries to the chief minister and the deputy chief minister.
- (11) Office of the chief minister.
- (12) Office of the third minister.
- (13) Office with two women acting as assistants to the third minister and the deputy third minister.
- (14) Office of the deputy third minister.

50X1-HUM

1. [] Comment: The editor appeared in the Ministry office one day wearing the uniform of a KGB lieutenant. [] identified the editor as a KGB officer by the green band on his hat.

[] The rank of lieutenant was determined by the single strip with two stars along the shoulder-board.

2. [] Comment: This minister traveled constantly throughout Uzbekistan.
3. [] Comment: This probably refers to the second minister.
4. [] Comment: The Ministry undertook housing projects for its employees.

50X1-HUM

[] in the office [] in one of the safes various stamps and seals were kept; [] estimated the seals to be twenty to thirty different types.
